

French Forward Registration Form Fall 2017

Learning to speak French is fun! "French Forward" students will internalize conversational structures and build basic vocabulary in spoken French. This active class incorporates music and movement as students learn to communicate in French about their own lives and the francophone world. No previous instruction is required. Mr. Rose has lived and worked in France ever since he was 16, and is endorsed to teach French K-12 in Washington State. He previously taught all levels of French, including Advanced Placement, at Roosevelt High School in Seattle.

Venez apprendre le français avec Monsieur Rose!
